

SOMERSET WEST BOWLS CLUB

(Established 1936)

SA Inter-Districts B

11-15 March 2019

*Welcome to Somerset West Bowls Club –
your club of choice...*

President's Foreword

On behalf of my committee, it takes me great pleasure to welcome you to Somerset West Bowls Club (active since 1936), the “Club of choice” in the Helderberg basin, as our area is affectionately known by the locals.

Nestled below the Helderberg Mountain range, which forms the perfect backdrop to the Club, we are blessed with near perfect weather that at times can also provide the ultimate challenge to us bowlers. During your stay and to make the game more challenging, I am sure you will experience our friendly south-easter wind and our gusting north-wester (do not forget we do need rain in the Western Cape). This will bring out the best in everyone.

We pride ourselves on the state of our greens and hope that they run to your benefit and if you lose, please still have some kind words about the greens. We are here to look after your needs and can assure you of great food, cold refreshments and good craic (Irish for fun, laughter and enjoyable conversation).

During the week we hope you make new friends both on and off the green and that the Club upholds its mission by making available an active group of members, excited about where they are going and motivated to provide the best for our playing visitors and their friends.

Enjoy the week with us and may bowls be the winner at the end and hopefully we will see you again in the near future.
